## Erratum regarding missing declaration of competing interest statements in previously published articles

Declaration of competing interest statements were not included in the published version of the following articles that appeared in previous issues of Sleep Health.

The appropriate declaration/competing interest statements, provided by the authors, are included below.

“Doctor-patient sleep discussions for US adults: results from the SHADES study” (Sleep Health, 2019; 5/6: 658-665) <https://doi.org/10.1016/j.sleh.2019.07.004> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Impact of shift work on blood pressure among emergency medical services clinicians and related shift workers: A systematic review and meta-analysis” (Sleep Health, 2020; 6/3: 387-398) <https://doi.org/10.1016/j.sleh.2020.03.006> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Racial differences in sleep duration intersect with sex, socioeconomic status, and U.S. geographic region: The REGARDS study” (Sleep Health, 2020; 6/4: 442-450) <https://doi.org/10.1016/j.sleh.2020.05.004> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Sexual orientation and sleep difficulties: a review of research” (Sleep Health, 2019; 5/3: 227-235) <https://doi.org/10.1016/j.sleh.2019.02.004> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Infant co-sleeping patterns and maternal sleep quality among Hadza hunter-gatherers” (Sleep Health, 2018; 4/6: 527-534) <https://doi.org/10.1016/j.sleh.2018.10.005> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Sleep and performance in Eathletes: for the win!” (Sleep Health, 2019; 5/6: 647-650) <https://doi.org/10.1016/j.sleh.2019.06.007> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Nurses' sleep, work hours, and patient care quality, and safety” (Sleep Health, 2019; 6/3: 314-320) <https://doi.org/10.1016/j.sleh.2019.11.001> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal

relationships that could have appeared to influence the work reported in this paper.

“Ethnoracial sleep disparities among college students living in dormitories in the United States: a nationally representative study” (Sleep Health, 2019; 6/1: 40-47) <https://doi.org/10.1016/j.sleh.2019.10.005> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Hispanic/Latino heritage group disparities in sleep and the sleep-cardiovascular health relationship by housing tenure status in the United States” (Sleep Health, 2020; 6/4: 451-462) <https://doi.org/10.1016/j.sleh.2020.01.005> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Maternal experiences of racial discrimination and offspring sleep in the first 2 years of life: Project Viva cohort, Massachusetts, USA (1999-2002)” (Sleep Health, 2020; 6/4: 463-468) <https://doi.org/10.1016/j.sleh.2020.02.002> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“The bidirectional relationships between effort-reward imbalance and sleep problems among older workers” (Sleep Health, 2020; 6/3: 299-305) <https://doi.org/10.1016/j.sleh.2020.01.008> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Sleep pattern, socioenvironmental factors, and use of electronic devices among Nigerian school-attending adolescents” (Sleep Health, 2018; 4/6: 551-557) <https://doi.org/10.1016/j.sleh.2018.09.002> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Associations of sleep duration and social jetlag with cardio-metabolic risk factors in the study of Latino youth” (Sleep Health, 2020; 6/5: 563-569) <https://doi.org/10.1016/j.sleh.2020.02.017> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“A decade's difference: 10-year change in insomnia symptom prevalence in Canada depends on sociodemographics and health

status” (*Sleep Health*, 2018; 4/2: 160-165) <https://doi.org/10.1016/j.sleh.2018.01.003> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Healthcare-seeking behaviour and utilization of treatment in a community-based screening study for obstructive sleep apnoea in Busselton, Western Australia” (*Sleep Health*, 2018; 5/1: 91-100) <https://doi.org/10.1016/j.sleh.2018.10.009> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Does Context Matter? A Multilevel Analysis of Neighborhood Disadvantage and Children’s Sleep Health” (*Sleep Health*, 2020; 6/5: 578-586) <https://doi.org/10.1016/j.sleh.2020.05.002> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Sleep quality among college students: exploring the role of a divine locus of sleep control” (*Sleep Health*, 2019; 5/6: 592-597) <https://doi.org/10.1016/j.sleh.2019.08.004> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
