Erratum regarding missing declaration of competing interest statements in previously published articles

Declaration of competing interest statements were not included in the published version of the following articles that appeared in previous issues of Sleep Health.

The appropriate declaration/competing interest statements, provided by the authors, are included below.

“Sleep education for healthcare providers: addressing deficient sleep in Australia and New Zealand” (Sleep Health, 2020; 6/5: 636–650) <https://doi.org/10.1016/j.sleh.2020.01.012> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“A systematic review and meta-analysis of the prevalence of sleep problems in children with cerebral palsy: how do children with cerebral palsy differ from each other and from typically developing children?” (Sleep Health, 2019; 5/6: 555–571) <https://doi.org/10.1016/j.sleh.2019.08.006> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Sleep schedules and school performance in indigenous Australian children” (Sleep Health, 2018; 4/2: 135–140) <https://doi.org/10.1016/j.sleh.2017.12.006> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Associations between self-reported sleep duration and cardiometabolic risk factors in young African-origin adults from the five-country modeling the epidemiologic transition study (METS)” (Sleep Health, 2020; 6/4: 469–477) <https://doi.org/10.1016/j.sleh.2020.03.003> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Associations between long self-reported sleep, obesity and insulin resistance in a cohort of premenopausal Black and White South African women” (Sleep Health, 2018; 4/6: 558–564) <https://doi.org/10.1016/j.sleh.2018.08.005> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Relationship of smartphone use at night with sleep quality and psychological well-being among healthy students: a pilot study” (Sleep Health, 2020; 6/4: 495–497) <https://doi.org/10.1016/j.sleh.2020.01.011> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Travel fatigue and sleep/wake behaviors of professional soccer players during international competition” (Sleep Health, 2018; 5/2: 141–147) <https://doi.org/10.1016/j.sleh.2018.10.013> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Sleep duration and psychological well-being among New Zealanders” (Sleep Health, 2019; 5/6: 606–614) <https://doi.org/10.1016/j.sleh.2019.06.008> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“The Sleep Health Index: Correlations with standardized stress and sleep measures in a predominantly Hispanic college student population” (Sleep Health, 2019; 5/6: 587–591) <https://doi.org/10.1016/j.sleh.2019.07.007> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Impacts of nocturnal breastfeeding, photoperiod, and access to electricity on maternal sleep behaviors in a non-industrial rural Bolivian population” (Sleep Health, 2018; 4/6: 535–542) <https://doi.org/10.1016/j.sleh.2018.09.011> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“An intersectional approach to examine sleep duration in sexual minority adults in the United States: findings from the Behavioral Risk Factor Surveillance System” (Sleep Health, 2019; 5/6: 621–629) <https://doi.org/10.1016/j.sleh.2019.06.006> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“We’re doing the best job we can: maternal experiences of facilitators and barriers to preschoolers sleeping well in Aotearoa/New Zealand” (Sleep Health, 2019; 5/3: 248–256) <https://doi.org/10.1016/j.sleh.2019.01.005> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“How long do preschoolers in Aotearoa/New Zealand sleep? Associations with ethnicity and socioeconomic position” (Sleep Health, 2019; 5/5: 452–458) <https://doi.org/10.1016/j.sleh.2019.05.004> Declaration of

competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Adolescent sleep and technology-use rules: results from the California Health Interview Survey” (*Sleep Health*, 2019; 6/1: 19-22) <https://doi.org/10.1016/j.sleh.2019.08.011> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Weekday and weekend sleep duration and mortality among middle-to-older aged White and Black adults in a low-income southern

US cohort” (*Sleep Health*, 2019; 5/5: 521-527) <https://doi.org/10.1016/j.sleh.2019.04.008> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Sleep characteristics and health-related quality of life in 9- to 11-year-old children from 12 countries” (*Sleep Health*, 2019; 6/1: 4-14) <https://doi.org/10.1016/j.sleh.2019.09.006> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
