## Erratum regarding missing declaration of competing interest statements in previously published articles

Declaration of competing interest statements were not included in the published version of the following articles that appeared in previous issues of Sleep Health.

The appropriate declaration/competing interest statements, provided by the authors, are included below.

“Reporting results in U.S. clinical trials for obstructive sleep apnea and insomnia: How transparent are they?” (Sleep Health, 2019; 6/4: 529–533) <https://doi.org/10.1016/j.sleh.2019.11.009> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Diverse sleep patterns, psychiatric disorders, and perceived stress in inhalants users living on the streets of Mexico City” (Sleep Health, 2019; 6/2: 192–196) <https://doi.org/10.1016/j.sleh.2019.11.005> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Sleep deprivation in an American homeless population” (Sleep Health, 2020; 6/4: 489–494) <https://doi.org/10.1016/j.sleh.2020.01.002> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Consistent use of bedtime parenting strategies mediates the effects of sleep education on child sleep: secondary findings from an early-life randomized controlled trial” (Sleep Health, 2019; 5/5: 433–443) <https://doi.org/10.1016/j.sleh.2019.03.002> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Sleep pattern, socioenvironmental factors, and use of electronic devices among Nigerian school-attending adolescents” (Sleep Health, 2018; 4/6: 551–557) <https://doi.org/10.1016/j.sleh.2018.09.002> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Physical activity and sleep quality and duration among Hispanic postpartum women at risk for type 2 diabetes: Estudio PARTO” (Sleep Health, 2019; 5/5: 479–486) <https://doi.org/10.1016/j.sleh.2019.04.003> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Nonrestorative sleep in healthy, young adults without insomnia: associations with executive functioning, fatigue, and pre-sleep arousal” (Sleep Health, 2018; 4/3: 284–291) <https://doi.org/10.1016/j.sleh.2018.02.006> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Há<sup>3</sup>zh<sup>3</sup>: Promoting sleep health among Navajo caregivers” (Sleep Health, 2019; 6/2: 220–231) <https://doi.org/10.1016/j.sleh.2019.12.008> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Concussion history influences sleep disturbances, symptoms, and quality of life in collegiate student-athletes” (Sleep Health, 2018; 5/1: 72–77) <https://doi.org/10.1016/j.sleh.2018.10.011> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Cumulative mild partial sleep deprivation negatively impacts working memory capacity but not sustained attention, response inhibition, or decision making: a randomized controlled trial” (Sleep Health, 2018; 5/1: 101–108) <https://doi.org/10.1016/j.sleh.2018.09.007> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Prevalence of self-reported suboptimal sleep in Australia and receipt of sleep care: results from the 2017 National Social Survey” (Sleep Health, 2019; 6/1: 100–109) <https://doi.org/10.1016/j.sleh.2019.08.010> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Intraindividual variability in sleep and perceived stress in young adults” (Sleep Health, 2019; 5/6: 572–579) <https://doi.org/10.1016/j.sleh.2019.07.009> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Adherence to sleep guidelines reduces risk of overweight/obesity in addition to 8-5-2-1-0 guidelines among a large sample of adolescents in the United States” (Sleep Health, 2019; 5/5: 444–451) <https://doi.org/10.1016/j.sleh.2019.03.004> Declaration of competing interest: The authors declare that they have no known competing

financial interests or personal relationships that could have appeared to influence the work reported in this paper.

“Self-reported sleep duration is associated with time in work physical activity but not transportation or leisure physical activity among Hispanic/Latino adults in the U.S.: results from the Hispanic Community Health Study/Study of Latinos” (Sleep Health, 2019; 6/3: 306-313) <https://doi.org/10.1016/j.sleh.2019.10.001> Declaration of competing interest: “Sanjay Patel received grant funding through his

institution from Bayer Pharmaceuticals, Philips Respironics, and Respicardia unrelated to this work. Susan Redline received consulting fees and her institution received a grant from Jazz Pharma-unrelated to this topic. Larissa Aviles-Santa, Jessica Brown, Sheila Castaneda, Krista Perreira, Lisa Sanchez-Johnsen, Neomi Shah, Daniela Sotres-Alvarez, Sarah Tom, and Phyllis Zee have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.”
